REINDEER

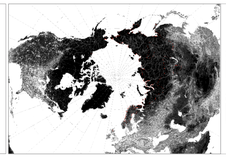
Designing and building knowledge of cultural landscapes
by Reindeer.

Prologue

The reindeer from the north is herded by minority groups.
The reindeer from the south is best known as Rudolph.
The minority is always conquered by the majority.

Human impact

Power from the South
is always interested in the North.

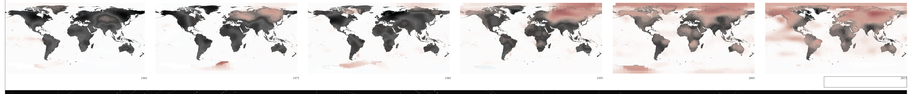


Social/ Political Issues

Conflict between the North and South
would never end.

Climate Change

The effects are concrete in the Arctic.



Chapter
- Exhibition -

Unlearn the common perception of a reindeer
and you are one step closer to understand their deeper nature.
Not as Rudolph,
but as Cultural Landscapes.
