SEMI-PRIVAT

SHARED

THE BUILDING AS A CITY

NEXTTO

HOLSTS GATE

TORSHOV / SAGENE

NEXTTO looks at the possibility to go into a collaboration with the nextdoor building, Holsts gate 4. Together they create a coexisting house with split-levels, as a result of the elevated basement in Holsts gate 4. An elevator is installed in the old volume, using space former used as bedrooms. The flexible and general rooms in the old structure is transformed into dorms, and you can find smaller apartments in the new addition. Together they share different semi-private and more public areas. Playrooms, reading corners and kitchens are some of the facilities. The connector to these spaces and the splitlevels are the new staircase which is located in the new addition. In the backyard an old shed is replaced by a new one-storey building with a shared kitchen and roof garden for all the users of the backyard. The thought is that this can be rented and used for get-togethers.

Total area, new and old	- 760 m2
Area, new addition	- 360 m2
Floors	- 4 + roofgarden
Units	- 14 + guest room

BETWEEN

SCHOUSKVARTALET GRÜNERLØKKA

BETWEEN exist by itself when it comes to the inner life. In this building you find 5 spacious units with their own bathrooms and loggias. They share a kitchen and living room, and have semi-private areas, all connected by the sentral staircase which creates splitlevels, and a visual connection throughout the building.

Total area	- 420 m2
Floors	- 6 + roofgarden
Units	- 5

ONTOP

SCHWEIGAARDSGATE

GAMLEBYEN

ONTOP collaborates with the nextdoor building. The existing staircase is transformed and thereby gives an entrance and room for an elevator in the new addition. Hence the generality of the rooms in the old structure, you will find smaller apartments in the new addition and dorms in the old structure. In the new addition there is a new staircase which creates opportunities to take shortcuts throughout the building. The staircase also creates semi-private indoor and outdoor areas for its residents.

Total area, new and old	- 650 m ²
Area, new addition	- 250 m ²
Floors	- 3 + roofgarden
Units	- 13 + guest room
