

Diploma program

Autumn 2019

Supervisor: Rolf Gerstlauer

*Through four semesters in my master studies I have worked and acted with object relations. I have worked with objects and poems, object and movie, object and territory.*

*I want to continue this work in my diploma through spatially to release my affinity and the bodily knowledge that I have attained by working with object relations.*

*My initiative is to work a couple. Two houses, two partners on a hill in a landscape that I grew up in. On Ask, on an island, on Vestlandet.*
