Avhandlingstittel: Logn-term Sneakers - Exploring the concept of extending the lifetime of everyday sneakers

Side	Original tekst	Korrigert tekst
50	... I decided to use TPU.	... I decided to use TPU and nylon from recycled ocean plastic.
	...TPU as the only material and it is based on recycled ocean plastic in the upper part of the shoe.	TPU as the only material.
		"With my sneaker, I will use TPU sourced from ocean plastic, on all parts except the shock absorbent part, which will need to be light and bouncy." Skal fjernes.
